 - Premium Subscription (\$49/month - 3% Commission)\$

Target Farmer

- 6. Go-to-market plan
- Small to medium-sized certified organic farms seeking to expand their market reach and increase profitability.
- Digital marketing (SEO, social media), partnerships with organic farming associations, and farmer outreach programs.
- Explain how you are going to acquire users. What channels will you focus on at every stage? What is the CAC for each channel?
- Geographic expansion, introduction of new crop categories, and development of integrated logistics solutions.
- How will you scale the product? Talk about your plans to expand to new markets, enter new market segments by introducing enterprise features, or reach more customers any other way.
- 2026

Competitive advantages

- 7. Competitor analysis
- While competitors exist, OrganicFarm differentiates itself through a focus on farmer empowerment, transparent pricing, and a user-friendly platform.
- Farmer-centric approach & transparent commission structure
- Targeted marketing, strong farmer relationships, and continuous platform improvement.
- Farmers value fair pricing and direct access to markets.
- Easy to use
- Difficult to use
- Expensive

A lot of the time, VCs don't invest in products — they invest in teams. Co

- 8. Management team
